Chandigarh Annual Report 2010-11

Chairman's Message

Year 2010 saw a lot of ups and a few downs juxtaposed together for India as well as the World. Although Indian economy grew above 8%, backed by a catapulted demand for Indian products and services in India as well as abroad, we had to contend with ever rising inflation and escalating prices of necessary commodities.

The need of the hour is to imbibe more civic sense, increase citizens' participation in good governance and bring down corruption to the lowest possible levels. To set an example for the rest of the country, CII Chandigarh Council continued to work in the direction of making Chandigarh the civic capital of India.

In his first public appearance at CII annual session, H.E. Mr Shivraj V Patil, Administrator U T Chandigarh & Governor Punjab stressed on retaining the original character of Chandigarh in sync with the vision of CII. Mr Patil reinforced his faith in the leadership of CII and termed it as the most effective organization in the country.

Mr Anand Sharma, Union Minister for commerce and industry during his maiden visit to Chandigarh, updated members about the creation of National Manufacturing & Investment Zones. HRH Prince Charles awarded the Green Business Idea Contest winners & launched New Green Business Club during a session jointly organised with BYST.

We had a regular interface with the UT Administrator, Adviser to Administrator, Home Secretary, Finance Secretary, Mayor and other officials of the UT Chandigarh to discuss the need for an Industrial policy and our recommendations for the same.

Building on the Leadership series, CII invited renowned personalities including Olympic Shooter, Abhinav Bindra, International Speaker of Brahma Kumaris, Sister B K Shivani and Mr Vijay K Thadani, CEO, NIIT Ltd to share the mantras of accelerating success through innovation.

CII Northern Region's flagship event Agro Tech 2010, inaugurated by Sh Sharad Pawar, Union Agriculture Minister strengthened CII's outreach to farmers with 40,000 farmers visiting the city in 4 days to see the latest technology in Agriculture. Chandigarh Fair 2010 was again a tremendous success while Coolex and Kitchen & Beyond brought business close to the consumers.

Our engagement with delegations from Hong Kong, Bavaria, Indonesia, Australia and France helped members explore business opportunities and forge alliances with these countries.

The Yi Chandigarh chapter motivated citizens through its Go Green Campaign, Health Campaign, Heritage walk and Public Conversations.

Membership Services has always been a high priority area for us, we introduced value added services for our members and I welcome all the 17 new members to the CII family.

It gives me immense satisfaction that Chandigarh members extended a firm support to the cloud burst victims of Leh by contributing generously towards the CII Relief and Rehabilitation Operation.

I gratefully acknowledge the support and guidance I received from the Chairman and Deputy Chairman of CII Northern Region as well as Past Chairmen. I also thank Panel Convenors, Co-Convenors and Council Members, who successfully translated the Council's vision. I am confident that the Council will keep on playing the vital role of an enabler to encourage business and enterprise in the coming years.

Chandigarh: New Directions, New Paradigms

3 March 2010

Calling for innovation, collaboration, integration as critical for the development of Chandigarh, H.E. Mr Shivraj V Patil, Governor, Punjab and Administrator, UT Chandigarh opined for a multi stakeholder high level committee to fast track the city's coordinated growth. The Administrator endorsed CII's vision to make Chandigarh the civic capital of India and focus on connectivity and coordinated development.

H.E. Mr Shivraj V Patil, Governor, Punjab & Administrator, UT Chandigarh releasing the CII Chandigarh Annual Report 2009-10.

"I know that CII is one of the most effective organizations in our country. You not only have the financial powers but also the experience of managing industries, besides dealing with the economic & other problems of our country. You have helped the country overcome those problems and given us ideas which could direct the financial & economic activities of the country in the right direction. For this everybody appreciates what you have been doing & pays attention to your suggestions & value those suggestions...."

H.E. Mr Shivraj V Patil, Governor, Punjab & Administrator, UT Chandigarh

Leadership

Achiever's Tale with Abhinav Bindra

3 June 2010

"We need to be prepared to change five attributes in life - Thinking, Attitude, Action, Habits and Expectations," said Abhinav Bindra, Olympic & World Champion in Air Rifle Shooting, speaking at a session at CII. Talking about focus, hard work and the killer instinct, he encouraged the participants to have self belief in order to achieve their goals.

Abhinav Bindra addressing the participants during the session

Mr Nitin Peshawaria, Chairman, CII Chandigarh Council appreciating Abhinav on his radical views said, "Leadership has nothing to do with the age; if you are focused, innovative and believe in yourself, you are bound to be a leader."

Stress Free Lifestyle

4 June 2010

"Stress is not about the work, it's about the way we think while executing work. All what is required is to change the way we deal with the things" deliberated Sister Shivani, International speaker of Brahma Kumaris while sharing the mantra of stress free life-style.

"It is only when stress becomes too great, affecting our physical or mental functioning, that it becomes a problem," said Mr Nitin K Peshawaria, Chairman, CII Chandigarh Council.

Sister Shivani sharing mantras of stress free lifestyle

Mr Vikram Hans, Vice Chairman, CII Chandigarh, apprised, "Building people and building India has been an endeavour with CII at all times. Along with exploring horizons for the growth of Indian industry, such sessions organised by CII help in promoting leadership with integrity and elevated actions towards a better world."

Accelerating Success through Innovation

22 June 2010

Mr V K Thadani addressing the session

According to Mr Vijay Thadani, Deputy Chairman CII Northern Region & CEO, NIIT Ltd, "To innovate is to apply new ideas and introduce new processes, products & services. If one improves upon his own capabilities to serve the society & deliver more & more value in return of the cost, then competition is immaterial." He also stressed on the need to integrate skill with education, besides bridging the gap between education & knowledge.
