FOREWORD PAGE

FOREWORD

As India's apex Industry Association, the Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering industry, Government, and civil society, through advisory and consultative processes.

CII chants change by working closely with Government on policy issues, interfacing with thought leaders, and enhancing efficiency, competitiveness and business opportunities for industry through a range of specialized services and strategic global linkages.

Since its inception in 1895, the organization has grown and has been instrumental in leading several initiatives such as the quality movement in India. Today, CII serves as a reference point for Indian industry and the international business community.

In its 120th year of service to the nation, the CII is pleased to present the latest edition of the Directory of Members. The Directory lists more than 8000 public and private organisations – large, medium and small - from a gamut of industrial sectors. Therefore, this will be a key, ready-reference on Indian industry.

Through this Directory, the CII aims to not only promote Indian industry in domestic and overseas markets, but also provide linkages between buyers and suppliers and help establish strategic alliances to strengthen industries to world class standards.

A special feature in this directory – which will increase its shelf life dramatically – is the introduction of a QR code, which will enable users to access the latest, comprehensive information on any organization listed.

To help users find organisations quickly, a HS Code Index, which lists companies under a product head or sub head is available at the end of the Directory. The HS Codes also facilitates all activities related to International Trade.

Furthermore, we are pleased to mention that the information about CII Members is also available through mycii.in - the Online Business Resource Centre of CII.

We would like to thank our Members and advertisers for their assistance in bringing out the Directory. We look forward to your valuable feedback at membership@cii.in, which will help us further enhance the publication to make it more user-friendly.
